Citation. Research Analysis 1:	Identify the birth, marriage, and death dates and places of Silvester/Silvadima Pereira, who was born about 1880-1885 and lived in Valiathura, Trivandrum, Kerala, India. We believe he died in about 1925.
Citation.	Discussion and analysis of source.
Citation. Research Analysis 2:	Analysis of source. Research for source started from day 14/2/2023, first visited the Valiathura rural area in search of resource in old St. Antony's church waited for 3 hour to meet church father to know about resource and when we met Parish Priest asked him for assisting regarding the source he gave the information that they have maintained the records from 1920 onwards the earlier records are burnt due to fire accident. There our research team got death records of naming Silvadima/Silvester we have attached the maintained copy of church records. This much info has been collected in day 1.
Research Analysis 3:	Analysis of source on day: 2 (15/2/2023) Research team visited the THIRUVANANTHAPURAM CORPORATION OFFICE, and had the conversation with registration officer and he led our team to data entry operator, He said that they have

	maintained the records from 1900th century and to get the information from government we required to provide accurate date, month, year and parents name of the silvester/silvadima. There our request got rejected due to improper data of source.
Research Analysis : 4	<p>Analysis of source on day: 3</p> <p>Our research team started their journey on 16/2/2023 by again visiting corporation office to take help from office staff by his guidance our team moved to Muttathara, Thiruvananthapuram village office and submitted the request letter but there also request has been rejected because they have not maintained any old records because at that time everything was under the ruling of British administration. Due to these reason our team did not get any information regarding the Source.</p>
<p>At the end of a section, include any needed analysis and summary to pull the section together and provide a conclusion. If required, key images could be used here. Add any necessary analysis after the image.</p> <p>Be sure to include a transition to the next section of research, if organizing the analysis table step by step.</p>

<p>Continue with section headers as you would a bolded section header in a report. A separate section for an overall conclusion of the research isn't required. Instead, your conclusions have been mini conclusions throughout the history, while the summary report is basically the conclusion.</p>
